

**Premium staple food for professional feeding of shrimps.**

- **Stable sinking pearls meet the feeding requirements of this species.**
- **Promotes health, natural moulting, vitality and colourfulness by 20 % stinging nettle with valuable trace elements, vitamins and vital substances.**
- **Healthy growth from a balanced mix of vegetable ingredients and protein from fish and shrimps.**

**Recommended feeding:** 1 - 2 pearls daily per animal, depending on size. As the pearls keep their shape in water for up to 24 hours without dissolving, uneaten pearls are not a problem.

**Ingredients:** Vegetable by-products, fish and fish by-products, molluscs and crustaceans, vegetables, algae, cereals.

**Staple food** for shrimps.

**Additives:** colourings, antioxidant E306 (natural vitamin E extracts).
