

JBL Rugil

Food sticks for small turtles

Suitable for:

- Floating food sticks for turtles: species-appropriate food mixture for small turtles 8 – 15 cm in size
- Impressive palatibility: 20 % wheat germ, fish and shrimps.
- Healthy growth and efficient energy metabolism thanks to wheat germ and omega-3 fatty acids, strengthens and stabilises resistance with multivitamin complex and vitamin C.
- Turtles choose JBL food: High-quality ingredients, feed formulation created by practical research, no processing of cheap fishmeal
- Contents: food sticks for young turtles, Rugil. Can be stored for two years unopened, use within 3 months after opening

Product information

Especially for the nutritional requirements of turtles

Most turtles and terrapins are omnivores. They particularly like to eat fish and water animals. To a lesser extent they like to eat aquatic plants. JBL offers a comprehensive range for the species-appropriate diet for turtles and terrapins, to meet the respective requirements of the animals' size. Dried fish and crustaceans, as well as algae are ranked first.

Other good reasons to feed JBL food

Impressive palatability for turtles and terrapins: practice research including feeds in the wild / using high-value fish protein (no cheap fish meal is used) / no vitamin loss thanks to airtight packaging.

Feeding recommendations

Feed in the water area 2 to 4 times a day as much as they eat within approx. 10 minutes, depending on the size. For adult animals 4 to 5 feeds per week.
