

## Food chips for professional feeding of crabs and crayfish.

- **Fast sinking, hard chips.**
- **Balanced composition to meet the nutritional needs of omnivorous crabs, including Red Claw, Mangrove and Vampire Crabs, as well as crayfish.**
- **Healthy shell moulting from the high cellulose content, essential for growth of the exoskeleton.**

**Recommended feeding:** 1 - 2 chips per animal per day, depending on the size of the animal. Since the chips are stable for up to 24 hours without disintegrating, a **few** chips left over are not a problem.

**Ingredients:** Vegetable by-products, molluscs and crustaceans, vegetables, fish and fish by-products, cereals, algae, yeast.

**Staple food** for crustaceans.

**Additives:** colourings, antioxidant E306 (natural vitamin E extracts).

### Vitamins (per 1000 g):

A: 25,000 IU

D<sub>3</sub>: 2,000 IU

E: 330 mg

C (stable): 400 mg
