

# JBL TerraCoco Compact

Substrate for all types of terrariums

Suitable for:  

- For all types of terrariums: natural substrate made of coconut chippings.
- From the fibrous outer husks of ripe coconuts.
- Natural germ-inhibiting effect.
- Reduces fungal infection.
- Contents: substrate, TerraCoco Compact, compressed coconut chippings

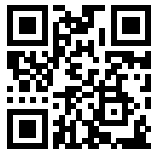

# JBL TerraCoco Compact

## Product information

### Suitable substrates for terrarium animals

To give the terrarium animals a home close to nature the terrarium needs to be designed close to the animals biotope. According to the requirements of the animals the size of the terrarium is crucial, together among other factors. The setting up depends on the right substrate, the adequate plants, the air circulation, the lighting and the temperature in the terrarium.
