

# Food tablets for professional feeding of all aquarium fish.

- Suitable for fish in the middle and lower water zones.
- A fun way to feed that allows close observation of fish by attaching the tablets to the aquarium glass.
- Readily accepted due to 10 % freeze-dried animal protein.
- Easily digested nourishment due to ultra-finely ground raw ingredients.
- Dermatologically tested for skin tolerance.

**Recommended feeding:** Feed the fish once or twice a day with only as much food as the fish can consume within a few minutes. Young fish should be fed 3 – 4 times a day in the same manner.

**Ingredients:** molluscs and crustaceans, cereals, vegetable by-products, fish and fish by-products, vegetables, vegetable protein extracts, yeast, eggs and egg by-products, algae.

**Staple food** for aquarium fish.

**Additives:** colourings, antioxidant E306 (natural vitamin E extracts).
