JBL ReptilBar GREY Product information

Function and decoration ReptilBar is for individual designs in terrariums. It offers both functionality and decoration. The bowl can be used as a feeding, drinking or bathing item.

Non-dangerous for dwellers JBL's ReptilBar is made of a non-toxic, through-dyed resin. It does not emit any harmful substances. The bowl has a heavy-duty, stable design to prevent accidental knocking over. The small "rescue ladder" prevents feeder animals, which sometimes end up in drinking bowls, from drowning. ReptilBar is available in various colours and sizes. The bowl is dishwasher-proof to 65 °C.
