

JBL PROCRISTAL UV-C 11 W

UV-C clarifier to combat water clouding

Suitable for:     

- Cristal-clear and healthy water: 11 W UV-C clarifier for the quick and efficient elimination of greenish and whitish cloudiness in fresh and saltwater aquariums
- Space-saving assembly: connect to external filter. Inlet and outlet are positioned for practical use. With LED function indicator
- Germ-killing UVC radiation, reduces risk of infection, no change to the water values, no effect on cleansing bacteria in the filter
- TÜV tested, safety switch: switches off automatically the UV-C lamp, when device is opened. Sturdy, UV-resistant casing, 2- glass-cylinder design
- Package contents: complete UV-C device, 2 m cable, UV-C bulb 11 W, socket: G23, wall mount, screws, nozzle hose connections for 16-19 mm hoses. Guarantee: 2 years (+2 years upon registration of the product)

JBL PROCRISTAL UV-C 11 W

Accessories

JBL Replacement lamp UV-C
 Replacement lamp for UV-C water clarifier

JBL ProFlow t300
 Submersible pump with 80-300 l/h for water circulation

JBL ProFlow t500
 Submersible pump 200-500 l/h for water circulation

JBL ProFlow u800
 Universal pump with 900 l/h for circulation of water

JBL ProFlow u1100
 Universal pump with 1200 l/h for circulation of water

JBL ProFlow u2000
 Universal pump with 2000 l/h for circulation of water

JBL PROCRISTAL UV-C QuickConnect
 Connects two JBL ProCristal UV-C water clarifiers

JBL PROCRISTAL UV-C 11 W

Spare parts

JBL adapter UK for all circular plugs

JBL PC UV-C electrical unit

JBL PC UV-C 5,11,18,36 W gasket set

JBL PC UV-C bulb protection kit

JBL PC UV-C quartz glass cylinder set

JBL PC UV-C 5,11,18,36 W mounting

JBL PC UV-C 11/18 W casing kit (2 parts)

JBL PC UV-C glass sleeve + reflector set

JBL PC UV-C hose connection gaskets

JBL PC UV-C hose connection set

JBL PROCRISTAL UV-C ElbowConnect
 90° elbow for JBL ProCristal UV-C devices

JBL PROCRISTAL UV-C 11 W

Product information

Crystal-clear and healthy water

Poor light conditions, over-fertilisation or even a surplus of nutrients can have negative effects on the aquarium water and may promote algae growth. Floating algae lead to green, bacteria to white clouding. The JBL water clarifier eliminates cloudiness caused by bacteria and floating algae. The aquarium water passes through the sturdy UV-resistant casing of the clarifier. The reflection of the UV radiation kills off bacteria, other germs and floating algae as the water passes through. This can also help to eliminate persistent algae, such as thread algae, since their spores are also mostly killed off.

No harmful side effects

No change of the water values/no negative influence on the essential cleansing bacteria in the filter.

Easy to install

Connect the water clarifier to the external filter. Thanks to the 90° elbow included in the pack any installation position is possible.

Safety

The JBL UV-C Water Clarifier is TÜV tested and has a safety switch for an automatic switch off when the device is opened. The casing is UV-resistant and has sturdy walls.
