

# Green food for professional feeding of all small aquarium fish.

UK

- Semi-floating, bite size pieces for fish from all water zones.
- 79 % vegetable ingredients with valuable fibre to meet the needs of different species and to ensure a healthy digestive system.
- 5 % spirulina algae for balanced, natural colouration.

**Recommended feeding:** Feed the fish once or twice a day with only as much food as the fish can consume within a few minutes.

Young fish should be fed 3 – 4 times a day in the same manner.

**Ingredients:** Vegetable by-products, vegetables, fish and fish by-products, cereals, vegetable protein extracts, algae, molluscs and crustaceans.

**Staple food** for aquarium fish.

**Additives:** colourings, antioxidant E306 (natural vitamin E extracts).
