

Premium staple food for professional feeding of shrimps.

UK

- Semi-floating, bite size pieces for fish from all water zones.
- Strong, healthy growth with little water pollution due to naturally balanced protein-fat ratio.
- Readily accepted due to selected high-quality raw ingredients and omega 3.

Recommended feeding: Feed the fish once or twice a day with only as much food as the fish can consume within a few minutes. Young fish should be fed 3 – 4 times a day in the same manner.

Ingredients: Vegetable by-products, cereals, fish and fish by-products, molluscs and crustaceans, vegetables, vegetable protein extracts, oils and fats.

Staple food for aquarium fish.

Additives: colourings, antioxidant E306 (natural vitamin E extracts).
