

## Staple food for professional feeding of plant-eating aquarium.

UK

- For fish from all water zones.
- 76 % vegetable ingredients with valuable fibre to meet the needs of herbivorous species and to ensure a healthy digestive system.
- 10 % spirulina algae for balanced, natural colouration.

**Recommended feeding:** Feed the fish once or twice a day with only as much food as the fish can consume within a few minutes. Young fish should be fed 3 – 4 times a day in the same manner.

**Ingredients:** Cereals, vegetable by-products, vegetables, algae, molluscs and crustaceans, vegetable protein extracts, fish and fish by-products, yeast.

**Staple food** for aquarium fish.

**Additives:** colourings, antioxidant E306 (natural vitamin E extracts).
