## Product information

### Nature in the aquarium

Transform your aquarium into an adventure aquarium and give your creativity free rein. Design your aquarium according to your wishes and add visual effects with figures moved by air flow effects.

### Reproduction of biotopes

Aquarium and terrarium dwellers need particular locations where they can feel secure and comfortable. In their natural surroundings they choose roots or caves. These are used as hiding, spawning or sleeping places. Give your aquarium and terrarium pets a piece of their real habitat.

### Decoration and function

The aquarium decoration is made of natural materials which do not affect the water quality. No danger for aquarium and terrarium dwellers and plants.
