# JBL OxyTabs

## Product information

Nature at Home – Home for Fish and Plant

Fish need to be as comfortable in the aquarium as they are in nature.

A functioning aquarium has an adequate oxygen content. Just like humans, plants, fish and invertebrates breathe too. The higher the temperature, the lower the oxygen content. With JBL OxyTabs the oxygen level in the aquarium can be increased for a short time - ideal for fish transport lasting max. 8 hours.

Benefits of the JBL oxygen tablets:

Fast increase of oxygen supply.

Ideal for fish transport lasting max. 8 hours.

Use for fishing and in the aquarium.

During power cuts.

In case of too low oxygen contents.

After medication treatment.
