

# JBL Algae Magnet

Magnetic glass cleaner for aquarium panes

Suitable for:

- Cleans the aquarium glass without getting your hands wet: magnetic glass cleaner to remove algae from panes. For panes of 6 to 15 mm thickness, depending on magnet design
- Attach the magnetic parts facing each other on the inside and the outside of the aquarium pane and remove the algae with circular movements
- Easy handling: sturdy grip with grip recess
- Strong magnets for good adhesion and quick cleaning.
- Package contents: 1 magnetic glass cleaner, consisting of an external part and a cleaning internal part

# JBL Algae Magnet

## Product information

### Quick and effective elimination of algae

The JBL algae magnet has strong magnets to ensure firm adhesion and a quick cleaning of the aquarium pane. With its sturdy recess the grip of the cleaning magnet provides a firm hold.

### How to use

Join the inner and outer magnets at the upper aquarium rim. Clean the glass from outside of the pane using circular movements.

Tip: Make sure that no sand grain or pebble comes between magnet and pane, as this would scratch your aquarium pane!
