

JBL TraceMarin 1

Strontium concentrate for marine aquariums

Suitable for:   

- Professional care for reef aquariums: strontium supplement with barium and cobalt
- For strong and healthy growth of all organisms in marine aquariums
- Use: simple and very effective dosing of strontium, barium and cobalt as liquid preparation. Administer dosage quantity into the current
- Best effects when used with: JBL Trace Marin 2 and 3
- Package contents: 1 TraceMarin 1. Dosage: weekly 7 ml/100 l

JBL TraceMarin 1

Product information

Nature at Home – Home for tropical reef dwellers

Lower animals and corals need to feel as much at home in the aquarium as they do in nature. Convert the aquarium water into biotope water and provide your animals with a regular supply of minerals and trace elements containing the highest degree of purity. Also for water change and setting up a new aquarium.

Optimal supply

JBL Trace Marin provides the optimal supply with essential trace elements and minerals for all hard corals, soft corals, bivalves and other invertebrates as well as calcareous algae in the reef aquarium.

Thanks to the three product concept (TraceMarin 1-3) you can be sure that the trace elements are ideally dissolved in the aquarium water so that they do not react to each other. That way fish, higher algae and invertebrates can get the best care in marine aquariums.

Product details

| Article data | |
|--------------------------|---|
| Product name | JBL TraceMarin 5 l |
| Art. No. | 2493400 |
| EAN number | 4014162249340 |
| EAN as barcode |  |
| Content | 5000 ml |
| Range | 70000 l |
| Expiry months | 60 |
| RRP incl. VAT | 99,12 € |
| Base price | 19,82 € |
| Nominal filling quantity | 5 l |
| Base quantity | 1 l |
| Gross weight | 5250 g |
| Net weight | 5010 g |
| Weight change | 1000 |

| Disposal | |
