

JBL suction cup with clip, 16 mm

Rubber suction pads for objects of 16 mm in diameter

Suitable for:   

- Rubber holder with robust clip
- Easy to attach: click the object into the clip, position it in the desired place
- Stable hold: holds all objects with 16 mm diameter
- Clip and suction holder can be separated
- Contents: 1 pack suction pads with clips 16 mm, incl. 2 suction pads, 2 clips

JBL suction cup with clip, 16 mm

Product information

Suction holders are indispensable for aquarium owners. They are used in many different ways to fix pipes, hoses and even technical devices in place. The plastics have been selected so that they do not release any toxic or harmful substances into the aquarium water and so that they remain flexible and are slow to harden.

Nevertheless, EVERY suction cup loses flexibility over time and will need to be replaced. The better the quality of the cups, the longer they remain flexible!
