

JBL OutSet wide

Outlet pipe with wide jet pipe for external filters

Suitable for:

- Accessory for external filters: water outlet pipe with wide jet pipe for external filter CristalProfi e and other filters with hose
- Easy to use: connect the outlet set to the external filter (external filter not included). Place in the aquarium
- Ideal water return: wide jet pipe means minimum loss of CO₂, convenient to install thanks to square angle pipe – elbow: 59 mm
- Threaded hose connection ensures reliable fastening. Suitable for planted aquariums.
- Package content: water return set with wide jet pipe for external filters, available for 12/16, 16/22 and 19/27 mm hoses

JBL OutSet wide

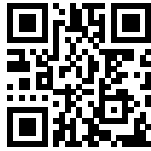

Product information

Clean and healthy water

Plant and food remains and metabolic substances lead to a deterioration of the quality of the water in the aquarium. Good water quality is necessary for healthy fish and plants. This can be achieved with various filters. The filters suck in the aquarium water and remove the pollution and waste materials with the filter material from the water. Filters also offer an ideal habitat for many bacteria which is essential for the aquarium.

Easy to install

Simply connect the outlet pipe with the external filter. Place the outlet pipe in the aquarium.
